

Summer Lift Ride Regulations (revised June 2015)

Scenic lift rides, bicycle access lift rides, and disc golf access lift rides are offered on designated weekends at Beech Mountain Resort. The Quad Chair Lift is typically used to access the top of our mountain with breathtaking views stretching for miles. The following list of regulations is associated with the above listed lift ride tickets. Additional regulations not listed may be added.

No one is guaranteed access to a lift ride, and lift access can be denied

Scenic, bicycle, and disc golf lift rides are not available during winter operations

Times of lift operation may change and are subject to weather conditions

Thunder and lightning and wind may cause the lift to be closed

Riders must be in suitable physical condition to be able to load and unload the lift

Dress should be appropriate for changes in temperature and weather

Proper footwear for walking on the side of a mountain should be worn

Children must be at least 36" tall

No child carriers, and no crutches, walkers or wheel chairs are allowed

Parents are responsible for the safety of their minor children

Back packs must be removed and held on the chair or the passenger's lap

No one that appears to be under the influence of drugs or alcohol will have access

No alcohol, or open containers are permitted on the lift

No dogs

Riders must be able to properly fit into a rescue harness

There are no restraint straps or belts on the chairs

Beech Mountain Resort reserves the right to refuse service to anyone that does not follow, or who deviates from the regulations associated with lift usage. Please be advised of all regulations prior to purchasing a ticket.

WARNING!

You are entering a high mountain environment. There are inherent risks associated with mountain biking, hiking, or other recreational activities in this type of environment. Trail conditions vary constantly because of weather, biker, hiker, and other use. Variations in terrain, types of ground surface, forest growth, rocks and debris may be encountered and may be hidden by vegetation. Snow making equipment and other natural or manmade obstacles and hazards may exist throughout the area. You enter this area at your own risk, and you must assume any and all risks of personal injury, or death, and damage to equipment.
