

Parent's Guide

Traxx Program (6-14)

What does the program offer?

Traxx offers a fun-filled day of ski instruction. The program includes a slope pass, rental equipment, 4 hours of instruction, lunch, and snacks. At the end of the day, your child will receive a personalized report card to let you know what your child's ability/Skill level is and what class they should sign up for next time!

Please make sure to inform one of our supervisors of any allergies or relevant medical information.

How do I register?

Save time and register online prior to arrival! This will also guarantee your child's spot in our program. You will pay for registration online. Please print and fill out the registration form located on our Traxx page. Bring this form for check-in.

We do offer day-of registration based on availability. Parent's can register their kids at the Ski & Ride School front desk. This is located directly across from the play yard past the Rental Department.

How should I dress my child and what should I bring?

Start with a thin layer next to the skin - long johns or thermals. Layer according to the weather with polar fleece tops and pants as insulation on colder days. Outerwear should be both water and windproof. Bring a winter hat, neck warmer and waterproof mittens. Don't forget ski goggles or sunglasses. Use only one pair of socks, preferably ski socks as they keep kids' feet drier and warmer. It is highly recommended to bring an extra pair of underwear and pants just in case of an accident (*age appropriate*). Please bring extra snacks and a water bottle for the day. Don't forget to apply sunscreen!
